TUITION / FINANCIAL AID

Meeting the costs of a private education is a major investment for many families. Accelerated Schools is committed to need-based financial aid. Since financial aid grants do not have to be repaid, they help to bridge the gap between what a family can afford and the cost of their child's education.

While the cost of an Accelerated Schools education should not be a barrier to applying or attending, we believe that parents have an obligation to finance their child's education to the maximum extent that they are able. Accelerated Schools has limited funds available to assist families who are unable to pay the full tuition costs, and we will do everything we can to help you meet this financial obligation.

Accelerated Schools continues to seek new avenues to put attendance at our school within the reach of more families. We offer:

1. need-based grants. Application for this grant is attached.
Maximum grant amount is 40% of tuition.
2. tuition loans from lenders to stretch payments over a longer period of time.

3. Payment by Visa, Mastercard, Discover, and American Express.

CONFIDENTIALITY

The Financial Aid Committee maintains strict confidentiality over the financial aid files. Faculty and students are not informed of financial aid decisions. The school trusts that the family will keep the same discretion regarding financial aid awards and decisions.

If you have any questions regarding financial aid, please contact me here at the school.
